CATALOGUE

nuuroo is a Danish brand for babies and children in age 0-10.

With high standards and Nordic style in mind, nuuroo creates timeless and long-lasting interior, clothing, and accessories for babies and children - with handpicked quality materials.

We always use the best qualities for our products, like organic cotton, recycled polyester, recycled plastic, silicone and natural rubber. Therefore, all our products also comply with the EU-standards. With clean materials, a consistently sustainable and conscious approach to design and development, we have created a universe where we never compromise on quality.

nuuroo was founded in 2020 with a vision of creating a brand where high quality is combined with timeless style. We want our products to be classic styles that can be passed down through generations.
